PROFILE

Passionate UX/UI designer with 2+ years of real world experience, a student of Multimedia at the Prague University of Economics and Business, who is eager to learn new things and face new challenges in interesting and meaningful projects.

EXPERIENCE

Metio software

UX/UI Designer/Graphic designer

May 2021 - Present

Software start up company for which I have been doing all sorts of various tasks mainly focusing on:

- UX and UI design of different complex website applications
- Testing finished products and proposing design changes
- Communicating with the client and explaining design decisions
- Creating a logo, design language, posters, document templates etc.
- Front end styling and coding
- Project coordination

Institute for support of innovative education

Tester

Jan 2021 - December 2021

Organization which is trying to unite different types of unconventional forms of education.

- Following and creating testing scenarios to find out bugs
- Proposing design changes
